SUMMARY

I am a builder with 7+ years of project and program management experience. Proficient in a wide range of programming stacks and tools, I see full-stack web development as the most expansive platform from which to build products of value and innovation.

WORK EXPERIENCE

2017 Freelance Web Developer
Recent Projects:

COSTUME POWERWASH SERVICE – www.cpspowerwash.com
Company website for a residential pressure washing company.

EDUCATION

2016   **Onsite Immersive Program** - Coding Dojo
2009   **Construction Management Technology AAS** - John A. Logan College

TECHNICAL TOOLBOX

STACKS

LAMP
MEAN
Ruby on Rails

SKILLS

Front-end Development
HTML5, CSS3, jQuery UI, HTTP Request/Response, Ajax

Languages
Javascript, PHP, Ruby, Python

Databases
SQL(MySQL, SQLite, SQL Server), NoSQL(MongoDB), Mongoose.js

Servers
Apache, Nginx

Methodology
Object Oriented Programming, MVC, RESTful Architecture, Agile

Version Control
Git, Github, Sublime, IntelliJ IDEA

Frameworks
Twitter Bootstrap, Angular, Flask, Express/Socket.io, Ruby on Rails, CodeIgniter, Django, Jinja

INTERESTS

Motocross
Robotics
Coding Challenges
Web Security
Building Home Projects
